## Happy New Year

Blayson would like to take this opportunity to thank all our valued staff, customers, suppliers, global partners and associates for all their support throughout 2016 and wish everyone a successful 2017.

## Blayson Global Partner Meetings

Blayson have an excellent relationship with their global partners who are representing the company worldwide. A full list of representatives and distributors is detailed at [www.blayson.com](http://www.blayson.com)

Regular update meetings and discussions are held with our partners and in November 2016 Blayson welcomed Intervienna and Comercial Quimica Masso to Cambridge.

## Intervienna Visit Cambridge

Intervienna, formerly English Clays Wien, represent Blayson in Austria, Central and Eastern Europe. As part of the continuous process of ensuring all representatives have an up to date view of Blayson and the industry, regular meetings are held.

On this occasion, it was a pleasure for Blayson to invite Gabriele Löw and Ursula Plasser to Cambridge to discuss customer needs, products and the industry within the area covered by Intervienna.

## Quimica Masso Visit Cambridge

Comercial Quimica Masso SA represent Blayson in Spain and Portugal. This again forms part of the process of ensuring all representatives have an up to date view of Blayson and the industry. It was a pleasure for Blayson to invite Jose Maria Lechon and Francisco Gutierrez to Cambridge to discuss customer needs, products and the industry within Spain and Portugal.

Successful meetings were held to ensure that Blayson continue to offer the best support possible to these important regions of the industry.

## ICI Conference and Expo 2016

The 63rd annual ICI Technical Conference and Expo was held in Columbus Ohio 16 to 19 October 2016. Blayson exhibited together with Eagle Engineered Solutions Inc and would like to thank all visitors and delegates for making the conference a great success.

Blayson continue to support this single largest world investment casting market and offer foundries an alternative and innovative solution to wax supply and support.

## Long Service Awards

Blayson are pleased to announce that two employees recently completed 30 years of service with the company at Cambridge. The directors thanked both Mark Roxby and Brian Backshall for their loyalty and contributions to the company over the years and look forward to working with them in future years.

## Batch Number 1000

On 29th November 2016 Blayson produced its one thousandth batch of wax for the year 2016 and are proud of this marker for growth achieved over the years which has been made possible by the support of the Blayson staff, global partners and the success and support of our customers and suppliers alike.

## Research and Development

Blayson has a major and ongoing commitment to Research and Development for wax technology, wax products and materials associated with the investment casting industry. A continuous R & D programme is in operation within the company and Blayson is proud to have benefitted from various government grants in recognising the importance of this R & D.

## Blayson Strengthen Their Team

Blayson Olefines Ltd is delighted to announce that they have strengthened their team with the recruitment of Kevin Heard as Technical Representative.

Kevin joined Blayson from Doncasters Chard where he spent 20 years working in various departments including radiography and most recently in the wax room as a wax process engineer.

Kevin will be a key member of the interface team between Blayson and customers, arranging wax trials, troubleshooting and introducing new materials to the market place.

Kevin Heard
